

SAP PM Optimization using MS Teams

SAP PM Optimization with MS Teams

Utilizing the MS Teams tool, real time task tracking is available for any of the SAP PM Optimization Tasks required by the Customer

The screenshot displays the Microsoft Teams interface. On the left, a sidebar lists various teams, including 'SAP PM Performance', 'SAP PM Process Enhancement', and 'SAP PM Skills Enhancement'. The 'Master Data Correction' team is selected, showing a 'To do' list with a task card for 'Cost Center Corrections on Equipment'. This task card includes a progress bar (set to 'In progress'), a priority of 'Medium', start and due dates (05/11/2020 and 05/27/2020), and a note: 'There are 1500 Equipment where the Cost Center Data Transfer Process was not installed correctly and the Cost Centers are different between the Equipment and Assigned Functional Location (File Attached). Need to Dismantle and Re-install the Equipment with Data Transfer.' The task is assigned to John Hoke. An attachment 'IH08 - Equipment To be Reinstalled.xlsx' is shown with a 'Show on card' checkbox checked. A comment at the bottom states: '345 of the Equipment have been reinstalled - 23 % Complete' dated May 13, 2020 12:44 PM.

SAP PM Optimization with MS Teams

Utilizing the MS Teams tool, real time task tracking is available for any of the SAP PM Optimization Tasks required by the Customer

The screenshot displays the Microsoft Teams interface. On the left, a sidebar lists various teams, with 'SAP Configuration Change Management' selected. The main area shows a task card for 'Add Maintenance Plan Change Documents' created by John Hoke. The task card includes a 'To do' section with an 'Add task' button, a progress indicator set to 'In progress', and a priority of 'Important'. It also shows a start date of 05/13/2020 and a due date of 05/20/2020. A note attached to the task reads: 'Modify the Configuration to add Change Document capability to the Maintenance Plans'. Below the note is a checklist with 'Add an item' and an 'Add attachment' button. An attachment is visible: 'Example SAP Plant Maintenance Configuration Change Request .docx'. The bottom of the card shows a comment field and a 'Send' button. The user's name 'John Hoke' and the timestamp 'May 13, 2020 4:08 PM' are also visible.
